Message from the Head Teacher

School trips and visits are an important and often memorable part of the school experience and often take place within our local community. Sometimes however pupils travel further afield and this was the case over half term when two groups of students travelled in different directions.

Our Politics and History students went west, visiting Washington in the USA. It was a rare opportunity to see the centre of American political power and reflect on their A level studies within this fascinating context.

Our Sociology and Psychology students travelled east to the Polish city of Krakow. Their trip included a visit to Auschwitz and a talk from a holocaust survivor. As you can imagine this was a powerful and emotional experience for all involved. It remains essential that we engage fully in the world outside our school and increase our knowledge of events which shape our present and prepare us to deliver the future we wish to see.

Staff give freely of their time to run trips, often in school holidays. I am sure you will join me in thanking them for providing these opportunities. However, not everyone can go on school trips. As I visit lessons it is great to see the world coming to life within the classroom and the full engagement of our pupils in their learning.

Our Year 11 pupils have shown fantastic commitment and determination during their mock week. We have a further two days next week before they finish. I would like to thank them for all of their hard work. This week governors met to make a decision on the proposed school uniform. The Chair of Governors is writing to parents and carers later this afternoon to share their decision.

Yours sincerely

Steve Lewis
