

# Modern Foreign Languages

**Welcome to the MFL Department! We are a thriving team of eight teachers and a Foreign Language Assistant all dedicated to promoting the linguistic progress of all of our pupils whatever their starting points and backgrounds. We are passionate about ensuring our learners are both appropriately challenged, but also fully supported. We constantly work very hard as a team to tackle any perception that language learning is difficult or not enjoyable – far from it!**

**The MFL team includes an extensive and supportive range of experience and our students really appreciate the help they are given.**

**Further department and curriculum information, is available via the link below.**

**Best Wishes,**

**Saludos,**

**Meilleurs voeux**

**Andy Kennedy (Head of MFL)**
